

Welcome to Chico Unified School District! We are excited that you are interested in having your child enter the Transitional Kindergarten program in the 2023-24 school year. To qualify for this program, your child must turn 5 between September 2, 2023 and April 2, 2024.

We do everything possible to accommodate parent choices, but when space is tight, resident students will have priority in a school over those outside the boundaries. That said, we have been able to place the majority of students in their first option when they have registered during the first week of registration. If you have questions about this process, please contact Kim Hernandez at 891-3000, ext. 20137.

For now, please choose complete the following:
